

Long Hill Summer Rec Camp Week 5

Throughout the course of Week 5, campers celebrated Dr. Seuss, along with a variety of fun games and activities like Zumba, STEM, and Hawaiian Day!

On Monday, campers and counselors participated in “wear your favorite team jersey day”, representing professional sports teams such as the Mets, Yankees, Rangers, and even the US National Soccer Teams for both men and women. We even had campers wearing their own jerseys from the various sports leagues here in Long Hill Township.

Tuesday, was Zumba with Donna. Kids got to participate in a fun, energetic, 45-minute program that taught them to move, dance, and have fun while exercising. There was nothing but smiles and laughter during this special day.

Wednesday, was STEM day. Groups got to challenge each other to a marshmallow structure contest, as well building the tallest cup tower. Grade 3 Boys, won the cup stacking with a total of 19 rows, equaling a height of almost 8 feet! All other groups did a fantastic job providing their creativity and enthusiasm.

Thursday was Laser Tag Day. Groups got to play against each other for a second time this summer with Laser Tag. Despite the heat and humidity, teams battled it out for epic 20-minute rounds. Campers also had the pleasure of teaming up with the Long Hill Township Police Department. Big thank you to Officer Joe Napolitano and Officer Brian McGuire, for providing a fun morning, and teaching our campers some laser tag strategies.

Closing out our week on Friday, campers and counselors got tropical, as we celebrated Hawaiian Day. Throughout the day, campers got to create Hawaiian flowers during art class, and have a hula hoop / limbo contests. To close out the day, campers even got to cheer on their favorite counselors, as they competed in the staff limbo challenge.

To all families who attended week 5, we thank you for joining us for another fun filled week. We hope to see you next week for our final few days of the Summer Rec Camp.
